

# TRY PRAYER!

## *It Works!*

## Contest 2025

Welcome to the Try Prayer International Contest.

Our theme this year is “**Prayer: My Pathway to Peace!**” This is a unique opportunity for you and your family to share with us the transformative power of prayer in your homes. We look forward to seeing how prayer has made a difference in your lives.

In today’s world, families face countless challenges all around the world. While the situations vary widely from country to country, family to family, continent to continent – anxiety and how it manifests itself in our children and families share the same solution: prayer. Daily Prayer. It is only through prayer that we can discover the peace Jesus promises every one of us.

This year, in our “Try Prayer, It Works Contest,” we invite children and teenagers to illustrate their families praying and the beautiful way prayer transforms hearts, families, homes, and communities.

The process is simple:  
**create an illustration or write a poem or prose sharing how your family has been transformed by prayer!** The most inspiring and creative entries will be featured on our website and social media platforms!
